

**ESGE  
DAYS  
2023**

Advancing endoscopy  
Forging connections

**A HYBRID EVENT**

Convention Centre Dublin  
Ireland, April 20 - 22, 2023

# POSTGRADUATE COURSE

## STEP 1 DIGEST AND REQUEST

Two weeks prior to **ESGE Days 2023** (from April 5, 2023) all 16 pre-recorded modules are available for delegates to watch on the digital platform.

Whilst digesting, request further information from the experts via the chat function.

- Which questions would you like to pose?
- What needs further clarification?
- Would case studies or extra data help?

Make a note of the date and time of the live **PGC meet the expert session** [🔗](#), relevant for the module, at **ESGE Days**.

## STEP 2 DISCUSS AND DIVE DEEPER

On site at **ESGE Days** attend the PGC **meet the expert sessions** [🔗](#), where the presenters from your module will be available. In these lively, informal, early morning meetings, the answers to your questions will drive the discussion.

- Deep dive into the topics that matter to you.
- Utilize the experts' experience to fill any knowledge gaps you have.
- Explore additional cases that bring the subject to life.

Why not add a **hands-on training session** [🔗](#), available in the dedicated area, to complete your augmented learning experience?

## STEP 3 REVIEW AND REFRESH

Once the live event is complete, review the modules, as well as the sessions that took place on site during our two month on-demand period, (until June 30, 2023).

Register for **ESGE DAYS 2023** today at [esgedays.org](https://esgedays.org)
